

SEEK McCUTCHEN, NEW YORK ACTOR

Police have been requested to search for Walter McCutchen, well-known New York actor, who is said to have been last seen in a Washington hospital a year ago.

The missing man, the former husband of Pearl White McCutchen, according to friends, was suffering from injuries received in France. He left the Lambs Club in New York and came to Washington.

Inspector Clifford Grant has canvassed all hospitals and sanitariums in the District for the missing man, without success.

MRS. LULA VANN FULTON, ARK.,

Suggests to Suffering Women the Road to Health

Fulton, Arkansas.—"I used Lydia E. Pinkham's Vegetable Compound for a soreness in my side. I would suffer so badly every month from my waist down that I could not be on my feet half the time. I was not able to do my work without help. I saw your Vegetable Compound advertised in a newspaper and gave it a fair trial. Now I am able to do my work and don't even have a backache every month. I cannot praise your Vegetable Compound enough and highly recommend it to those who have troubles like mine. I am willing for these facts to be used as a testimonial to lead all who suffer with female troubles, as I did, to the right road to health."—Mrs. LULA VANN, Box 43, Fulton, Arkansas.

It is this sort of praise of Lydia E. Pinkham's Vegetable Compound, given by word of mouth and by letter, one woman to another, that should cause you to consider taking this well-known medicine, if you are troubled with such symptoms as painful periods, weak, nervous feelings, miserable pains in your back, and cannot work at certain times.

SAYS FRENCH WAR BRIDE MAKES HIM SUPPORT HER KIN

U. S. Army Officer Blames Wife in Denying Her Charges.

She demanded support for her father, mother and brother. She was "too attentive" to a Belgian boarder who was instructing her in the operation of a motor car. She threatened to leave her home if a boarder was not permitted to remain.

These are some of the accusations made yesterday by Capt. Anthony J. Greco, of the United States Army Medical Corps, in denying charges made by his wife, Mrs. Pauline M. J. Greco, a French composer, in her suit for a limited divorce, in the District Supreme Court, after which he asked that the proceedings be dismissed.

Says He Loves His Wife.

Capt. Greco added that, despite these things, which are mentioned in his denial, he is still in love with the wife whom he married at Neuilly, France, June 25, 1919, and is willing to provide a home for her and himself, but the Belgian boarder and the wife's relatives "must be excluded."

Justice Wendell P. Stafford ordered the husband to pay his wife \$100 a month temporary alimony. Despite the fact that M. Paul Parent, his father-in-law, receives a pension of 5,000 francs from the French government, Capt. Greco stated that he has been compelled to use all his savings to pay the bills incurred in the household.

His burdens were added to, he declares, when his wife took in a Belgian as a boarder, who for two months gave her lessons in automobile driving in his automobile.

Protest Against Boarder.

Their wedding anniversary in 1922 was celebrated, Capt. Greco declares, by his wife inviting the Belgian to dinner, even though he indignantly protested against it beforehand.

On this occasion, Capt. Greco states, he gave his wife presents

and took her to the theater. He was shocked, he stated, to find the Belgian there, occupying a seat directly behind them.

Several days later, Capt. Greco declares in his suit, he ordered the Belgian from his home, but he claims his wife insisted that the Belgian remain or she would go out with him.

The army officer says his wife is not in dire need, as she claimed, but, on the contrary, it is alleged she derives considerable income from her musical compositions, which are sold in France, and also, it is averred, owns personal property of great value.

POSTAL TELEGRAPH MAKES RADIO PACT

Clarence H. Mackay, president of the Postal Telegraph Cable Company, announced yesterday that his company had entered into an agreement with the Radio Corporation of America, by which the Postal Telegraph places at the service of the Radio Corporation its land line system, extending to all parts of the United States, for collection and delivery of trans-Atlantic radio messages.

The agreement provides that the Postal Telegraph shall accept at all its offices dispatches to be sent to Europe via radio, while the Radio Corporation will turn over to the postal Telegraph all messages received by it for delivery to land points reached by the Postal Telegraph.

Child Is Injured In Auto Accident

Run down by an automobile along the Conduit road yesterday, 8-year-old Anna Speet, 5520 Conduit road northwest, was injured. The child was taken to Georgetown Hospital.

The colliding auto was operated by Archie W. Flynn, 511 M street northwest.

Philip Lacpham, 58 years old, 4107 Galt place northeast, received a severe cut on the left wrist while chopping wood in the rear of his home yesterday. He was treated at Casualty Hospital.

Exonerated of Boy's Death.

Howard Campbell, 1508 Park road northwest, was exonerated yesterday by the coroner's jury in connection with the death of William E. Hawley, Jr., 3-year-old son of Policeman William H. Halap, of the Sixth precinct station, living at 302 D street northeast. The child was run down near Fifth and D streets northeast. Saturday night and died Sunday from a skull fracture.

THREE GO ON TRIAL IN BERGEN KILLING TODAY IN JERSEY

Cline, Brother-in-Law And Alice Thornton To Appear.

HACKENSACK, N. J., Sept. 11.—George Cline, Fox Film Corporation location finder; his brother-in-law, Charles Scullion, and Miss Alice Thornton, 19-year-old New York girl, will be arraigned tomorrow on charges of killing John Bergen, motion picture actor, who doubled in dangerous roles for Eugene O'Brien and who was shot in Cline's home at Edgewater, N. J., August 25. The three will be represented by State Senator William B. Mackay, Jr.

Since her arrest Miss Thornton, former sweetheart of Bergen, has been in a dazed condition, according to jail officials. She repeatedly asserts that she did not see Bergen shoot and that she was in no way connected with the actual crime, although she admits it was she who first told Cline of Bergen's alleged improper relations with Mrs. Cline.

Cline, who is said to have admitted shooting Bergen after proposing a duel to death, and who was arrested less than an hour after the "stunt" actor was slain, and Scullion, arrested several days later, have borne their imprisonment stoically. Cline has asserted the "unwritten law" will free him.

HOMMES DEMAND VOTING RIGHTS

The Washington delegation of the Voltaire League 1-4, the District of Columbia Unit of La Societe Nationale des Hommes et Chevaliers, the playground organization of the American Legion, will carry a fight to the Promenade National at New Orleans next month to obtain for the Voltaire League the voting status of the Grande Voltaire of other States. This was decided at a meeting of the league at the City Club last night.

Paul J. McGahan and John Thomas Taylor were elected delegates to the New Orleans convention. They alternates will be Dr. C. B. MacNeil and Kenneth A. McRae.

A.F. OF L. COUNCIL CALLS DAUGHERTY CHARGES BOMBAST

Blames Hostile Interests For Alleged Attempt To Blacken Labor.

ATLANTIC CITY, N. J., Sept. 11.—The executive council of the American Federation of Labor at the conclusion of its session today issued a statement branding Attorney General Daugherty's charges of violence on the shopmen's strike as "bombast" and blaming "hiredlings of the interests" for alleged attempts to "blacken the character of labor."

"While the railway shopmen's strike is considered of the greatest importance," the statement said, "further consideration of this subject was laid over to await the outcome of the legal contest in Judge Wilkeson's court in Chicago."

Has Opposed Violence.

"It is a well known fact," the statement continued, "that organized labor has discouraged the resort of the railway strikers to violence or illegal methods. However, organized labor is of the firm belief that irresponsible persons and hiredlings of hostile interests have been setting influences at work that would blacken the character of labor and subject it to just that treatment which is being given it by the government."

"Regardless of this belief it is the firm conviction that the commission of crime and wrong doing should be punished through our criminal process and not by unconstitutional injunction method which deprives free citizens of all safeguards a democratic government has guaranteed its people."

Congratulates L. Lewis.

The executive council sent a telegram to John L. Lewis, president of the United Mine Workers, congratulating that organization on its successful closing of the mine strike.

President Gompers was authorized to attend a monster mass meeting in Buffalo, September 24, to help unite the "labor and liberal forces" of that city against the "insidious attempt" being made there to "destroy the street car men's union."

MANY CONTRIBUTE TO MASONIC FUND

Firms and Individuals Redeeding Pledges to Aid Convention Expenses.

Increasing interest in the Imperial Council of Masons, which will bring approximately 200,000 visitors to Washington next June, is being evidenced by letters and contributions to the entertainment fund, according to Leonard P. Stewart, illustrious potentate of Almas Temple.

Thomas E. Jarrell, chairman of the finance committee, announced yesterday that funds are coming into the office of Harry Standford, executive secretary, at a rate that indicates the pledges will be met. Commercial firms and private individuals are making generous contributions.

The committee on hotels, headed by Townley A. McKee and Laurence Miller, predicts that unless a large number of private homes can be listed to aid in caring for visitors, a temporary tent colony will have to be erected in Potomac Park.

JACOB JONES POST ELECTS DELEGATES

Election of delegates and alternates to the District of Columbia Department Convention, featured the meeting of the U. S. S. Jacob Jones Post No. 2, American Legion, at the College Women's Club, 1822 I street northwest, last night.

Those elected were: Commander Lois M. Beach, Mary E. Kolhos, Pansie Wilson, Eunice C. Dessez, and Olive Steele; alternates, Helen G. O'Neill, Martine E. Witcomb, Louise MacDonnell, Annette Burton and Kate A. M. Clagett.

Commander Beach announced a card party to be given by the post at the College Women's Club on September 30, and a masquerade Halloween dance at the United States Marine Barracks on October 31.

AMERICAN GLIDER IN TEST FLIGHTS

GERSFELD, Sept. 11.—The weather cleared today and the Allen, of Evanston, member of the American glider team, made several practice flights to test the air. No duration flight can be attempted until the wind becomes stronger.

Herr Mertins, famous German glider pilot, praised the flight of the American machine, the manner in which it was handled and the perfect control.

Colored Woman Dies Of Wounds; Man Held

Suffering from bullet wounds in the chest and arm, inflicted a week ago in front of the Old Colony Laundry in Takoma Park, Etta Hold, colored, 25 years old, employed at 2011 Park road northwest, died yesterday at Emergency Hospital.

John H. Judis, colored, of Deanwood, D. C., arrested by police of Tenleytown precinct, was committed to jail. An inquest will be held this afternoon at the morgue by Coroner Nevitt.

Aged Woman Badly Hurt By Auto; Driver Arrested

Run down by an automobile at First street and New Jersey avenue northwest, last night, Mrs. Margaret Wilson, 68 years old, living on the Bladensburg road, was seriously injured about her body and a shoulder. She was treated at Sibley Hospital and later taken to Emergency Hospital.

The auto driver, Harry Lee, colored, 1817 Ninth street northwest, was arrested by Sixth precinct police. He was charged with colliding.

Concerts by Grotto Band.

Nightly concerts by the Kallipolis Grotto Band and an exhibition of eccentric dances by professionals will feature the fair at Sixteenth and Lamont streets northwest, operated for the past two weeks by the Eastern Star, and now under the auspices of the Kallipolis Grotto. The proceeds will go to the various units of the Grotto and the Eastern Star Home.

Stop for 10 Days

Stop brushing teeth in ineffective ways

See what new beauty this new way brings

Nearly all the world over, leading dentists are advising people to brush teeth in a new way. Millions of people now do it every day.

You see the results wherever you look. Teeth now glisten which once were dim. Women have new charm, new beauty. They show teeth when they smile.

This is to urge all other people to try this method now. Your druggist will present you with a ten-day tube. Cease your old methods for a few days and see what this new way does.

Why teeth look dingy

Your teeth are coated with a viscous film. You feel it with your tongue. It clings to teeth, enters crevices and stays. Food stains, etc., discolor it. So that film, if left, soon forms the basis of thin dingy coats. Tartar is based on film.

No ordinary tooth paste can effectively combat it. So millions of teeth brushed daily were clouded more or less.

Film also holds food substance which fer-

ments and forms acid. It holds the acid in contact with the teeth to cause decay. Film forms a breeding place for germs. They, with tartar, are the chief cause of pyorrhea.

All these troubles were constantly increasing. Very few escaped. The tooth brush, used in old ways, left much film intact.

The war on film

Dental science then began a war on film. After long research, two effective film combatants were discovered. Able authorities amply proved their efficiency. Then they were announced, and since then leading dentists everywhere have been urging their adoption.

One acts to curdle film, one to remove it. And this is done in scientific ways, not by harmful scouring.

A new-type tooth paste was created, based on modern research. It brings other new results now considered essential. It avoids several old mistakes. In this tooth paste are

embodied these two great film combatants.

The name of the tooth paste is Pepsodent.

Two other new effects

Pepsodent brings two other effects which research proves essential. It multiplies the starch digestant in the saliva. That is there to digest starch deposits which may otherwise ferment and form acids.

It multiplies the alkalinity of the saliva. That is Nature's neutralizer for the acids which cause decay.

It was found that tooth pastes based on soap and chalk brought just opposite effects. That is one reason why they proved so ineffective. They reduced the tooth-protecting agents which Pepsodent increases many fold.

These results mean a new dental era. They mean that your children need not suffer what you suffered from your teeth. They mean that film-coats can be combated.

A few-day test will prove this to you. Make that test in fairness to yourself.

Some Fifty Nations

Use this new way now

Careful people of some fifty nations now use Pepsodent, largely by dental advice. To millions of women it has brought new charm, new beauty. To men of many races it has brought teeth they love to show. To children it has brought protections which your childhood did not know.

Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. What you see and feel will very soon convince you. You will be delighted and amazed. Cut out this coupon so you won't forget, for this test is important.
